Bedford/Manhattanville Pre-service Teacher Intern Program
Mt. Kisco Elementary School, West Patent Elementary School, Bedford Hills
Elementary School, Bedford Village Elementary School, Pound Ridge elementary
School

In collaboration with Manhattanville College, the Bedford Central Schools is offering two (2) Elementary Internship positions to Manhattanville Graduate students. Currently Manhattanville's pre-service teachers have visited Bedford's elementary classrooms for field observations and student teaching.

Job Description:

In expanding our partnership, Bedford is currently seeking *two (2)* interns from Manhattanville graduate students for the 2011-12 school year. The intern will:

- Act as substitute teachers solely for the professional staff within our elementary schools. When not assigned as substitutes, interns will assist students in classrooms and experience the multi-faceted life of an elementary teacher. This placement will be determined by the area of specialization for the intern whenever possible.
- Provide services to the Bedford Central Schools for the school year following the regular schedule of a teacher. This will include participation in all meetings and before school obligations of regular full-time teachers. Consideration will be offered to interns in times when attendance for graduate classes at Manhattanville conflicts with these responsibilities.
- Assist students for two before school sessions each week in providing extra help, enrichment, or through participation in community based programs held within our elementary schools.
- Enter the internship with the minimum of a Bachelor's Degree from an accredited college and have gained admission to the Manhattanville School of Education for graduate level study.
- Commence employment immediately and end 6/30/12. The compensation is an annual salary of \$12,000. No other benefits will be provided with the exception of two (2) sick days and two (2) personal days.
