MASTER OF SCIENCE
Marketing Communication Management

Marketing is the key driver to every venture — whether it’s a large corporation, small business, non-profit, or service organization. It's also one of the most dynamic and exciting fields in business.

The Master of Science in Marketing Communication Management program provides a strong foundation in the principles and practices of marketing and public relations and focuses on current topics including social media, reputation management, innovation, and market growth. The program also includes insights and processes for creating, communicating, and delivering products and services. The curriculum topics range from understanding consumers and providing them with innovative products to building brands and leading organizations.
