LEARNING PATHWAYS
Multisensory, Structured Literacy Instruction
PNW BOCES and the Rose Institute for Learning and Literacy at Manhattanville College have partnered to offer a 13-credit Certificate of Advanced Study and a professional development program for Early Childhood, Childhood, Special Education, and Literacy educators. The advanced certificate and professional development programs prepare teachers to use a multisensory, structured phonics-based approach to teaching reading, writing, spelling, and comprehension. Participants can also apply for the Orton-Gillingham Classroom Educator Certification.

VIRTUAL MENTORING ($8,385)
Tuition ($7,200) + Mentoring Practicum Fee ($1,185)
Educators can choose to complete one or both methodology courses. Educators can engage in a yearlong practicum, either virtually or in-person, to practice and refine their skills in using a multisensory, structured phonics-based approach to teaching reading, writing, spelling, and comprehension. This can be paid for by the school district and is eligible for CoSer-Aid.
